

POEM accessory list

for W+D 102			
	Reference	Description	Condition
	Ref. 3702	<u>W+D 102 latex back fold cylinder</u> Will require a compatibility check. Please let us have the serial no. of your W+D 102.	used
	Ref. 3720	<u>W+D 102 printing deck</u> Printing unit for standard 102 stack printer.	used
	Ref. 3738	<u>W+D 102 peel and seal unit</u> Up-grade kit to modify existing W+D 102s to peel and seal (cold glue). can be up-graded to hotmelt	used
	Ref. 3723	<u>rotary profile cutting unit</u> To upgrade W+D 102 machines with fly-knife cutting unit.	used

for W+D 202			
	Ref. 3703	<u>W+D 202 latex back fold cylinder</u> Will require a compatibility check. Please let us have the serial no. of your W+D 202.00.	used
	Ref. 3959	<u>W+D 202 clutch-brake combination at main drive</u>	overhauled
	Ref. 3975	<u>W+D 202 doctor blade printing deck</u> Printing unit for 202 stack printing stand.	used

for W+D 249			
	Ref. 3854	<u>W+D 249 Metronic printing unit</u> Metronic doctor plate printing unit for W+D 249. Will require a compatibility check. Please let us have the serial no. of your W+D 249.	used

for W+D 212/214/222/224			
	Ref. 3704	<u>UV-drying system</u> For W+D 214, W+D 212, W+D 224, W+D 222 (IST) equipped with stand alone cabinet, equipped with integrated operating panel and fan, requires vacuum transport table.	used, with new electrical cabinet

	<p>Ref. 3705</p>	<p><u>UV ink roller kit</u> For W+D 214, W+D 212, W+D 224, W+D 222 for modification of machine for operation with UV inks.</p>	<p>new</p>
	<p>Ref. 3707</p>	<p><u>vacuum transport table</u> For W+D 214, W+D 212, W+D 222, W+D 224.</p>	<p>used</p>
		<p><u>blanket cylinders for W+D 214</u> - cylinders have been checked at W+D quality inspection - all dimensions and concentric runout within factory tolerance - bearers within factory tolerance - scratch resistant coating - surface may have minor errors that will not affect print quality</p>	<p>used</p>
		<p><u>plate cylinders for W+D 214</u> - cylinders have been checked at W+D quality inspection - all dimensions and concentric runout within factory tolerance - bearers within factory tolerance - surface may have minor scratches that will not affect print quality</p>	<p>used</p>

for W+D 527/328			
	Ref. 3706	<u>2nd window patching unit</u> For W+D 527 and W+D 328.	used
	Ref. 3976	<u>W+D 527 doctor blade outside printing unit</u> Printing unit for W+D 527.	new
	Ref. 3977	<u>W+D 527 doctor blade inside printing unit</u> Printing unit for W+D 527.	new

for W+D 627			
	Ref. 3721	<u>W+D 627 hotmelt peel and seal unit</u> Up-grade kit to modify existing W+D 627 to hotmelt peel and seal with stand alone unwind unit.	used
	Ref. 3790	<u>W+D 627 window unit</u> Parts to modify existing W+D 627 with window cutting and patching unit.	used

	<p>Ref. 3925</p>	<p><u>W+D 627 latex back fold roller</u></p>	<p>used</p>
		<p>Will require a compatibility check. Please let us have the serial no. of your W+D 627.</p>	

various machines			
	<p>Ref. 3701</p>	<p><u>tab inserter</u></p>	<p>used</p>
		<p>Can be used with various W+D envelope making machines e.g. W+D 102, W+D 527, W+D 627, W+D 328 etc.</p>	
	<p>Ref. 3708</p>	<p><u>card inserting unit</u> <u>L 014.00.7501.0</u></p>	<p>new</p>
		<p>For the inserting of cards with a size of min. 100mm x 120mm, max. 120mm x 230mm.</p>	
	<p>Ref. 3722</p>	<p><u>vacuum and blowing air pumps</u></p>	<p>new and used</p>
		<p>Various models available including accessories and spare parts.</p>	
	<p>Ref. 3724</p>	<p><u>peristaltic pump system</u></p>	<p>new</p>
		<p>Can be connected to all machines with flexo printing units such as W+D 102, 202, 627 (improve print quality by avoiding air bubbles on screen roller).</p>	

	<p>Ref. 3751</p>	<p><u>air cushion transport carriage</u></p> <p>Required to load paper reels to the automatic paper splicer.</p>	<p>new and used</p>
	<p>Ref. 3842</p>	<p><u>PIV – gear box</u></p> <p>Reconditioned</p> <p>For machines W+D 102, W+D 202.00 and W+D 249.</p>	<p>used</p>
		<p><u>Stroboscope</u></p> <p>Free adjustable stroboscope to observe the paper transport through the machine.</p>	<p>as good as new</p>

for Stork Contiweb			
		<p><u>Lenze belt drive motor</u></p> <p>Various items available.</p>	<p>used</p>
		<p><u>EW HOF motor for dancer (web tension)</u></p> <p>Various items available.</p>	<p>used</p>

		<p><u>INAG controller for dancer drive (web tension)</u></p>	<p>used</p>
		<p><u>Lenze controller for belt drive</u></p>	<p>used</p>
		<p><u>Hitachi PLC</u></p>	<p>used</p>
		<p><u>side channel compressor for vacuum suction bar at splice unit</u></p>	<p>used</p>
		<p><u>tachometer</u></p>	<p>used</p>
